

Northwest Bethel - Newry

—Clarice Gilbert, Corres.—

A cool week ended Saturday, it rained, the wind blew and a tornado watch was put out. I understand there was damage in several areas. Thursday it also rained about noon just as I was getting ready to go down-town. Sunday was clear skies but the wind blew. This made it nice to work in the garden as it was cool and the wind also helped keep the bugs away. One evening the lights went out and were off about an hour. Saturday, early evening, we heard sirens on the main road and later learned a young man on a motorcycle hit some gravel by Tumbledown Dick and had to be taken to the hospital. The snowball tree is just covered with its white balls of flowers, thus the name snowball. The lady's slippers are out and so are Jack-in-the-Pulpits. Iris are coming out but almost all of ours got rootbound and full of weeds so have only a few. Betty Gilbert says she has over 100 different colors this year but isn't sure they will all blossom.

Tuesday, Ruth Butters, Muriel Butters, Aunt Sarah Andrews and I went to Norway. We all went to South Paris for dinner before going to the hospital. After Aunt Sarah and I went in a few minutes we went shopping and picked up Ruth and Muriel later. Sue Angevine and Ruth went down Thursday morning to bring Lester Butters home.

Daniel Hannon went on a fishing trip near Jackman over the week end. The party brought home quite a few fish.

Mary Beth and Amy Hannon, daughters of Mr. and Mrs. Daniel Hannon, and Shilo Hutchins, daughter of Mr. and Mrs. Jeff Hutchins finished up their gymnasiums at Oxford Hills High School, South Paris, Saturday. Rebecca Brown, Bethel, and Shilo Hutchins spent Friday night at Hannon's, and Mrs. Hannon took all the girls for their last class Saturday.

Mr. and Mrs. George Gilbert went to Norway Friday night.

Dr. and Mrs. Leonard Shaw had a cookout and get-together Saturday evening at their home. This was to celebrate the birth of Porter Weeks, son of Mr. and Mrs. Peter Weeks. The couples brought presents for the baby, who also attended.

Edith Smith and Macki Chapman went with the 6th grade class on a field trip to Fort Western in Augusta, June 1. Andy Smith and Vince Chapman were two of the students.

Randy Wilson spent Friday night and Saturday with his friend, Andy Smith and parents, Mr. and Mrs. Homer Smith Jr.

Ada Cummings of Roselle Park, N. J., visited her daughter, Macki Chapman, husband Howard, and two boys a few days last week. While here Ada and Macki visited Ada's mother, Annie Cotton, in the Odd Fellows Home in Auburn.

Mary Beth Hannon, daughter of Mr. and Mrs. Daniel Hannon, started summer softball with the 8 to 12 year old Bethel team.

Mr. and Mrs. Frank Murphy, Mr. and Mrs. Robert Stearns, and Debbie Seames were at the wedding Sunday in Newry of Bill Williams and Delores Tyler. A reception at the Newry Grange Hall followed.

Mrs. Evelyn Hilborn had a baby yellow pine warbler fly into her window Monday and she was keeping it away from the animals until he recovered from being stunned.

Sunday, Evelyn Hilborn and dog, Tobey, went to Oxford Hills High School field where a demonstration of obedience, guard dog training, and tracking was held.

Mrs. Leslie Lapham went to the United Methodist Women meeting and pot luck dinner at Hulda Stevens camp at Songo, Thursday.

Sarah and Jessica Coolidge had their fifth and third birthdays Friday. One had a Raggedy Ann and the other a Raggedy Andy cake.

—Miss Amy Hanscom, Corres.—

The Mothers Club will present gifts from the Liz Wight Memorial Fund to Jack Morton and Alan Flock, this year's graduates from Telstar Regional High School from Newry. These gifts were presented at the supper at the Town and Country Restaurant in Gorham, N. H., Monday evening, June 8.

Mr. and Mrs. Verne Glover, Hollis Center, spent the week end at their trailer here. They had as guests during the week end: David Glover Jr., Buxton; Mr. and Mrs. Eric Glover, Benjamin and Erica, Rumford; and Thomas Glover, Dayton.

Word has been received that A. Brooks Morton has arrived in Holland. He will be employed there for two weeks, and then join his brother, Harry Morton, in Penzance, England, where both will be employed. Mr. and Mrs. Harry Morton will be leaving for England soon.

Mr. and Mrs. Arthur Cummings, Bethel, called on Amy and Roger Hanscom and Mrs. Eleanor Morton, Jock and Peter, Sunday P. M.

Owen Wight, member, and Charles Taylor, alternate, were absent. Mr. Ness spoke on plans for a sewerage disposal site at the Bethel Town Farm, part of which is in Newry. The next meeting will be July 8. Bob Thompson of the Androscoggin Valley Planning Commission will be present. A study of the surveys will be made at this meeting.

The Reward

Are you doing the best that you possibly can
To lift some burden of care?
Are you holding a light for your fellow man,
For those inclined to despair?
Then you're fighting a fight that is worthy and right,
And your love will be returned;
For every just man who shares his light
Will reap the reward he has earned.

Maybe it's the black flies that's the excuse for so little town spirit behind the Little League baseball games. I observed last night five mothers, all faithful spectators, a handful of teenagers. It's no wonder the team doesn't have too much spirit. I think for one it's more sportsmanship to watch little guys play than a bunch of overgrown teenagers play softball. Let's get behind our team and show them we care how they play.

Week end callers on Mrs. Bernice Glover were Mr. and Mrs. Eric Glover and family of Rumford, and Mr. and Mrs. David Glover and family of Buxton.

Superintendent's Newsletter

Dr. Wayne F. Gersen

This Friday evening, over 90 students will receive their diplomas in commencement exercises at Telstar Regional High School. The high school diploma signifies the fulfillment of the graduation requirements established at the high school. For this year's graduates, the standards for graduation were a total of 20 credits: four English credits; two U. S. History credits; one Science credit; one Mathematics credit; and, one Physical Education credit, with the remaining 11 credits being electives.

Beginning with the class of 1982, an additional credit in Social Studies, Science and Mathematics will be required, meaning that 12 of the 20 graduation credits will be required courses. These changes, initiated in 1978-79, will make Telstar's credit requirements for graduation among the highest in the state.

The stiffening of graduation requirements alone, however, is not sufficient to improve the overall quality of education at a high school. As you read in last week's Citizen, Warren Bouchard, Telstar Principal, is making several changes in the high school curriculum and in the pupil management at the high school. These changes emphasize the need for students to learn fundamentals and to maintain a seriousness of purpose in their studies.

The district is also addressing the mastery of basic skills at lower grade levels. A committee chaired by Eleanor Tracy, Woodstock Teaching Principal, is working to establish minimum academic standards for each grade level as part of a review of the district's promotion policy. These minimum grade level standards will be based on the acquisition of skills as opposed to the completion of courses. The committee will be working throughout the 1981-82 school year on these standards. Thus, it may be that Telstar's graduation requirements will ultimately be based on the acquisition of skills as opposed to the accumulation of credits.

The fact that standards are being raised in the years ahead does not detract from the accomplishment of this year's graduating class or the previous graduating classes at Telstar, for the vast majority of students at Telstar earn far more than the minimum number of credits, master much more than the basic skills, and do more than attend school during the day and watch television all night. The majority of students have worked diligently to get the best ranks possible, have participated in the life of the school beyond their classes, and been a positive force in their communities. Too often, there is an unfortunate tendency to make generalizations about high schools based on the six o'clock news. I hope that the citizens of S. A. D. #44 will join the faculty at the high school and the parents and friends of the graduating seniors in congratulating the Class of 1981 on its achievement.

YOUTH FELLOWSHIP HAS ENJOYABLE OUTING

The West Parish Youth Fellowship had a marvelous time at their final outing last Saturday. The waterfront under the watchful eye of Ted Davis was alive all afternoon with swimmers and boaters. The threesome of Julie Denison, Megan McGuire and Alison Davis only left the water under the threat of thunder. Keith Wight and Michael McGuire kept the float rocking most of the afternoon while Steve Wight was busy loading and unloading boats. Sarah Putnam's first love was the kayak with a long line waiting a turn. Todd Davis and Bryan Kellogg had the canoe moving nicely while Todd Kellogg and his motor boat passengers almost missed dessert. Luckily there were hot dogs for supper as the chief fisherman, Dave Denison, didn't catch a fish. Dori Chadbourne, Nancy Chadbourne and Jay Davis decided to seek peace and swim across the lake, but returned in time for a scavenger hunt. After a search for rabbit fur, April Bennett relaxed on the inflatable raft, Pam Mathews and Katy Holden look good with purple lips and the shivers. Eric Wight spent his time investigating the bottom while David Kersey with his flippers tried to be a motor to the rowboat. Harold Munzer has the secret to the rope game and Linda Davis and Peggy Wight know just how much toilet paper they need. All in all it was a great end to a great year. The sun broke through to shine on the closing circle to add its warmth to that of good fun and fellowship shared under the love of God.

PROJECT GRADUATION

C.A.D.E.T. members, senior class members, parents, and concerned community groups will be sponsoring the first Telstar Project Graduation happening since C.A.D.E.T. took shape in November. This year's project is a reception immediately following graduation. There will be munchies and punch, hors d'oeuvres and music too! It will be a time for friends and relatives to gather and spend a few special moments with that special graduate. This is an open reception and all those who wish to spend a moment or two with the seniors are welcome.

You are cordially invited to attend a GRADUATION RECEPTION in honor of the class of 1981, to be held in the Telstar Cafeteria immediately following the commencement program.

A special message from C.A.D.E.T. members for a special and safe graduation — Remember — Friends Don't Let Friends Drive Drunk — if you find yourself in a compromising situation you DO have alternatives: 1. Call your parents; 2. Stay overnight; 3. Take the keys, and drive yourself; 4. Don't Go with Someone Who's Drunk! Make commencement a beginning, not an end!

Congratulations, Class of 1981.

NEW MARTIN HISTORICAL BOOK IS WELL RECEIVED

The book "New Pennacook Folks" by Stuart F. Martin fresh off the press just a year ago has been well received by the public and is now three quarters sold out. One thousand copies were printed and of the sales to date nearly 20% have been sent to eighteen states and one Canadian Province.

Although the book deals primarily with early Rumford, first known as Pennacook Plantation, the early association between families of the village of Rumford (now Rumford Corner) and East Bethel is quite noticeable in the genealogical section. Many prominent Bethel gentlemen married Rumford girls among whom were John Abbott, Elias Bartlett, Zachariah Bean, Eliphaz Bean, Deacon John Cushman, Gideon Hastings, Alvian Godwin, Richard Frye, Benjamin Blake and Phineas Stearns. The early physicians at the village of Rumford attended the sick in the Bethel area and among these were Dr. Simeon Fuller, Dr. Zenas Bartlett and around the turn of the century, Dr. James Stuart.

There also appears to have been a considerable amount of land trading between Rumford and Bethel speculators during the early part of the nineteenth century. In the village of Rumford Point a home is still occupied that was built and occupied by Asaph Brown in 1819. Records also indicate that there was much commerce between the two towns even before the railroad came into Bethel.

Many readers of the book have likened it to the popular "East Bethel Road" by Eva Bean. Leon Anderson of Concord, N. H., writing for the New Hampshire Sunday News describes "New Pennacook Folks" as a "fresh porridge of genealogical roots and branches linked to Concord's families of two centuries ago."

NEWS FROM THE BETHEL Water District

The Trustees of the Bethel Water District met for their monthly meeting on Tuesday evening, June 9, at the Philbrook Street Office.

Most of the meeting was devoted to the adverse financial situation the Water District is presently in due to the delay in implementing proper rates. The Water District's much needed rate increase is presently under review by the Public Utilities Commission. Unless the proposed rates are implemented within the near future a serious financial condition will continue to deteriorate further. The Trustees have authorized their attorney to request that the Public Utilities Commission allow emergency rate relief on a temporary basis.

A cross-connection control program has been implemented by the Water District in accordance with the Department of Human Services and the Safe Drinking Water Act. This program is to protect the water system from the possibility of having contaminated material enter the drinking water supply. The State Department of Human Services requires that establishments that may have a possible cross-connection install a back flow prevention device to insure the safety of the system.

The Trustees have authorized the replacement of the fire hydrant located in front of Kelley's Auto on Mechanic Street as this hydrant has become a maintenance problem over the years. After talking to Fire Chief Robert Davis it was decided replacement was warranted. The Water District plans on replacing two of the older hydrants each year with new hydrants that meet insurance standards.

A concern of the Trustees for some time has been the water line that crosses the Androscoggin River and the possibility of it being damaged or washed away after a severe storm (such as the ice jam last winter). It was decided that emergency plans should be available in case such a problem occurs.

CONTRA DANCE FRIDAY

There will be a contra dance at Mt. Abram Lodge Friday evening, June 12, at 8:30. Music by the No Name Yet Band. All dances will be taught.

Letters to the Editor

6/8/81

To Whom It May Concern:

This letter is written in hope of achieving a remedy for an annoying situation.

Now that Commencement time is again upon us, we were reminded at the Baccalaureate Exercises on Sunday that babies crying and speaking out in the crowd can be very unsettling for participants and those attending Commencement Exercises.

In fairness to those graduating and their families and friends, Ms. Cheryl Lord has enlisted a force of babysitters who will be available in the Telstar cafeteria during the Graduation Ceremonies on Friday, June 12.

It is hoped that parents who encounter the problem of not being able to still a small child will take advantage of this service and remove them from the ceremony.

Your co-operation in this endeavor will be greatly appreciated by the seniors, their families and friends.

Sincerely,
A Senior Parent

Dear Editor,

Bethel Historical Society

In response to the "Haunted Houses" article of the May 28 issue of the Bethel Citizen:

As a faithful follower of the Bethel Citizen, since moving from the Bethel area, I always am fascinated by articles now and again that would stimulate a written response of some kind. This time I decided that I would take the liberty to respond to the "Haunted Houses" article in reference to the Historical Society's promo.

I would like to just briefly entertain the Historical Society with this perspective on parapsychology and the use of mediums and such for the express purpose of seeking out the dead. I am not sure what the general consensus is of the town of Bethel in regards to the phenomenon, but I speak for many outside this community who have encountered such experiences in the past and presently.

Yes, it is true that such a phenomenon exists and many are the names of "it" that go with such an experience. The fascination with unknown is one that goes deep into our local historical roots and then does branch back to the beginning of time. Apparitions, visions, movement of objects and such like are common when dealing with "Haunted Houses". More so are these evident when such an experience with the dead is aggressively sought after. You would be astonished at the amazing results that come from such an enthusiastic effort. Many of you are aware of movies such as, "The Omen", "The Exorcist", "Dracula", and books, "The Amityville Horror"

and such like these, where powers beyond human strength and ability are used for the advantage of one or several individuals or beings. Your response to this may be defensive in regards to the "Haunted Houses" project of the Historical Society but it must be remembered that parapsychology covers a broad spectrum and is connected closely with each part whether in subtle forms or in very obvious ways. For example if you are considering mediums for your search it must be made clear that other areas of parapsychology may accidentally be touched upon. The powers you will deal with will not be ones that eventually can be controlled but to the contrary. They can be hazardous to an individual and cause spiritual harm if all is approached in ignorance. It is a serious matter to be dealing with spirits of the dead. Frankly, it would be most advisable if the Historical Society would reconsider involving the whole community in such a project that could easily endanger people's spiritual welfare. It is not a harmless adventure. You are dealing with powers, powers of darkness. Whether you are amused by it or not this is the truth.

As members of the Salem, Mass. community and area, my husband and I are very aware of the kind of spiritual damage that comes with an initial "innocent" fascination with the powers that lie behind death, witchcraft, occult activity, and even the reading of Tarot cards and horoscopes. May this be a carefully considered warning to the Bethel community. Take heed to the life of King Saul in the Old Testament of the Bible. In I Samuel, chapter 28, Saul seeks a medium to free himself from a war but the very event which he desired freedom from turned against him and Saul died prematurely. Seeking "Haunted Houses" may not reach the extreme which King Saul experienced but it has in many situations come close to or equal to it. This may seem harsh and judgemental but beware lest you heap judgement upon yourselves by refusing the commands of God.

"But if serving the Lord seems undesirable to you, then choose for yourselves this day whom you will serve" Joshua 24:15.

Seeking "Haunted Houses" may not reach the extreme which King Saul experienced but it has in many situations come close to or equal to it. This may seem harsh and judgemental but beware lest you heap judgement upon yourselves by refusing the commands of God.

"But if serving the Lord seems undesirable to you, then choose for yourselves this day whom you will serve" Joshua 24:15.

STILL SAVE THOSE SEALS!

The students and staff at Crescent Park School in Bethel would like to take this opportunity to thank all of the area people who faithfully sent in bonus points in the Post Fun 'n' Fitness Program that the school participated in this school year.

The Post program enables schools nation-wide to trade purchase seal points from packages of certain breakfast food products toward free athletic equipment. Crescent Park School students, under Shirley Merrill's supervision, have been collecting bonus point seals since last November. To date the school has a total of 854 points.

Ms. Merrill's original goal was to provide nine classrooms at the school with four kinds of sport balls. To do this around 12,000 points would be required. Falling short of this goal, Ms. Merrill has optimistic plans to get enough points so each classroom could get a playground ball. This would take 1,440 points, so 500 additional points are needed.

Although school closes June 19, the program does not expire until June 30. If anyone has been saving seals for CPS, please continue to do so until June 30! Bonus point seals may be brought to the school until closing day (June 19). Those collecting bonus point seals until June 30 may send seals to: Shirley A. Merrill, R.F.D. 2 Box 541, Harrison, Me. 04040.

All seals need to be collected and counted by July 10, so those mailed to Ms. Merrill should be sent

to her by this date. The school appreciates and is thankful for every "fun 'n' fitness" seal collected from these products: Post Cereals; Log Cabin Syrups and Pancake Mix; Bird's Eye "Awake" and "Orange Plus" Juices; Wonder Bread.

Thanks to all who have given CPS points. You will see what your contribution did for elementary students when the equipment arrives at school next fall. In the meantime, still save those seals for CPS!

She plans to continue her studies in Animal Technology at the University of Maine, Orono, following graduation from high school in 1982. She is the daughter of Richard and Evelyn Bodemer of Andover. Jody has been observing also and is continuing his studies in Animal Medical Technology next fall at U. of M., Farmington. His parents are Ryozo and Gerry Shimamura, Northwest Bethel.

At snack time they made tissue paper pictures, shape paintings, bark rubbings, soft clay butterflies and sock puppets. Four year olds matched upper and lower case letters and reviewed numbers 1-15. Three year olds counted objects, matched pictures and began tracing patterns. Everyone used the magnifying glass to look at things found outside.

At snack time they made milk shakes, popcorn, pudding, frozen yogurt and stuffed celery.

They are also working on a surprise for fathers, and plan to have special presents for each Dad ready for the program on Friday, June 19.

The Go-Shoes are home this Monday morning and it looks now like they would be on the hook this week but they did not get much time to hang on the hook this past week. Monday night June 1, Franklin Grange at Bryant Pond; Wednesday in Norway for dinner, Thursday, me and my good friend joined Laura Hutchins and spent the day in Portland. We left Portland at 4:30 p. m. our pocketbooks flat but 100 years from now we won't care. We had come only a short distance when a big jet flew over the road just ahead of us and way down low. Only a few minutes later we ran into a thundershower and had to pull to the far side of the road and wait 15-20 minutes for the rain to let up so we could see to drive, it rained that hard. It rained all the rest of the way home but we arrived all right side up at about 6:30. We had had a most enjoyable day thanks to Laura, and I had not seen my friend for quite a while. Come again, Angie!

Mrs. Verna Swan and two grandsons, Christopher and Benjamin Hoyt, Bryant Pond, called on Joe and Eva Sunday night. Other callers during the day were Dorte Becker and Peggy Blake. After lunch Peggy gave us all a tour of Ketchum and the ski village on Sunday River, then took us out for supper. A lovely day and a lovely ride.

Bear River Grange will meet Saturday night for a pot luck supper for a regular meeting. If you

IN MEMORIAM

In loving memory of Felicia, Bradley, Susan, Jerry and Eric who died June 2, 1979

Dear Felicia, Although our hearts are filled with sorrow we must realize that you were only ours to borrow. God had reasons all his own to take you from your friends and your home. You will be remembered for your kindness toward all. Our Lord called you and you couldn't say no for it was your turn to go. Although we don't know when or how a million thoughts run through our minds of you at different places at different times. You were an important part of all our lives. A part no else will know, a part that we will never let show. You meant so much to so many, a granddaughter, a sister, and most of all a friend. There are no words to describe you and your many gifts. Some will remember you for your joy and laughter you brought to each and every one of us. We must remember there is nothing we can do, just go through each day and remember the cherished memories of you.

Sadly missed by Grampa and Nana Dad and Mom and all your family

The West Paris Senior Citizens had a fine turnout (40) for their monthly meeting June 2, when they went to the Country Way, South Paris, for dinner and a short meeting. Doris Lawrence, Evelyn Barrett, Joe Vatcher, Joe and Laura Kalinowski were in the party and enjoyed the fine feed and lovely day, and it was nice to visit so many friends.

Harlan Abbott joined a large party of friends who went to the Rangeley Lakes area for a three day fishing outing. I hope they were lucky and ate lots of fish. I know they had lots of doughnuts for Harlan is a good cook.

Earle Cordwell has been a surgical patient at Stephens Memorial Hospital, and is improved in health.

Joe Vatcher and Eveline Barrett went to Massachusetts, June 3, to see Mrs. Fannie Vatcher at the nursing home and they brought a load of house furnishings back for Mr. and Mrs. Harold Vatcher, who have bought the Adeline Stevens property.

Mrs. Ruth (Forbes) Attaya, Bath, spent the week end with her schoolmate, Eveline Barrett, and they attended the Woodstock Alumni banquet at Telstar, June 6.

Eveline was a '27 graduate and Ruth a '28 graduate. Doris Lawrence '36, Ellen (Burns) Coffin '34, and Mildred York '33 also went. As they went by the Win Cromley residence at Trap Corner they saw Mr. Cromley's steel roofing laying by the roadside all twisted and crumpled by the heavy wind and rain which visited our area around 2 p. m. Saturday. Much damage in many places.

Callers at Lawrences, Robert Davis, Sharon Schert and Jennie, Eveline Barrett, Joe Vatcher, Anna Poland, Diana Poland, Amy Merrill, Joe, Laura Kalinowski, Mr. and Mrs. Norman Abbott, Joanne, Lena Kangas. Greenwood City

— Mrs. Colista Morgan, Corres. —

"And what is so rare—"

Things fairly popped out of the gardens under the warm sun, on this June 5th. The temperature reached 80° but a light breeze helped to make it quite comfortable.

Outside my window the goldfinches are loping in the sunlight, stopping in pairs to lunch at the thistle-seed feeder. They are enjoying the trees heavy with green leaves and the hills wearing their carpets of velvet grass.

One day I ventured through Mosquito Lane to the fields just to listen to the bob-o-links and to see the swallows. It was a damp world, full of wet and tremulous perfume that changed with almost every step. The barn swallows circled around, sunlight flashing on the dark blue satin backs, their forked tails combing the bright warm air, chattering, darting, to the music of the bob-o-links. The bob-o-links' swelling songs gave joy and vitality to the countryside. They possess all musical qualifications, softness, richness, mellowness. They are always bubbling and joyous, never sad, sending forth their liquid like the gurgling of a tiny stream. A summer without bob-o-links would be an empty summer to me. They are the very spirit of the fields.

I was alone in a green and flower world. "The flower looks up high to see only the light, and never looks down to see its shadow. This is a wisdom which man must learn."

The sky was still and blue and the high cauliflower clouds overhead toward the south seemed to hang without movement. Against the horizon folded the foothills.

From a rock on which I sat I listened to the concert while looking to the horizon. The hills took up the notes and sent them pealing into space.

All around the yellow sunshine was buttering the heat-toasted rocks.

High overhead a hawk sailed, scarcely a feather quivered, circling slowly, and gradually working its way toward the hills. I watched until it was lost in the sun.

Among the other grasses were bits of blue dropped from the cloudless sky. They stood prim, erect, and unceremonious, June's bouquet of blue-eyed grass here with the buttercups and daisies.

ager and Board members indicated that the Dept. of Environmental Protection mandates are more rigid now than when the plant was built and also as equipment becomes older, maintenance costs increase. The Manager also indicated that electrical costs, a major expense at the plant, have increased substantially due to CMP rate increases. The proposed increase would change the rate from \$17 per 1,000 cubic feet to \$19.50 per 1,000 cubic feet and increase the septic dumping charge from \$.03 per gallon to \$.05 per gallon effective with July billings.

The hearing was adjourned at 7:25 p. m. and reconvened at 8:30 to allow the Selectmen to attend the S. A. D. #44 Budget Meeting. The Selectmen took the citizen comments under advisement and indicated they would make a decision on the rate adjustment at their June 22 meeting.

Appointments to the Facilities Committee were made as follows: Neil Merrill, Clark Bartlett, Arlan Jodrey, Robert Davis, Rolie Glines, and Randal Stevens. An additional appointment will be made at the June 22 meeting. Brian Stovell was appointed as a constable.

The Town Manager reviewed possible sludge disposal sites and the Board authorized the Manager to investigate further site suggestions with the hopes that present agricultural land may be used.

The Manager reviewed proposed street light changes to reduce the town's street lighting cost to the amount approved by Town Meeting. Approximately 16 lights will have to be removed to realize the needed \$500-\$600 savings. A public hearing on the proposed changes will be held at the June 22 meeting and a list of proposed changes will be published in the Bethel Citizen.

The Manager reviewed the May financial statement with the Board and Chairman Stanley Howe reviewed parade and parking arrangements for the Indian Raid Celebration Aug. 1 and 2. Mr. Howe indicated that Ed Quinn, Richard Hosterman, Arnel Brown, and Ernest Perkins were serving on parking and law enforcement committee for the event.

The Selectmen discussed possible alternatives for changing the Selectmen/Assessors positions and directed the Manager to review how other towns handle the positions and to draft a possible warrant article which would have the alternatives listed. It is planned that a warrant article will be placed in the warrant for the September Special Town Meeting to let the voters decide the type of organization the Town should use. Some people have expressed the view that the two positions should be entirely separate and a person should be able to serve in only one position while others feel the positions should be combined.

The Selectmen reviewed a petition from residents of the West
